

This template is either the front/back or left/right side of the skirt.

Trace this template as accurately as possible when you see this line ——— together with the necessary connection points: ○.

Add a ribbon of 1 cm x 15 cm on every connection point. Create a ribbon by using template R1. You will find further instructions on how to make a ribbon in the manual step 4.

When you see this line — — — feel free to change the shape and length of your piece. When you change the shape of this template, please make sure the connection points have a 6 cm distance from each other.

Please fold the top of the skirt on the folding line .....  
Stitch 0,5 cm from the edge on the stitching line to create a tunnel.  
Create a ribbon-belt (2 cm x 70 cm) using template R3. Place the ribbon through the tunnel.

There is no seam allowance added to the templates. It's up to you whether to leave your piece with an unfinished or finished hem (and add seam allowance as you like).
